PHYSICAL SECURITY PRACTICE EXPANDED WITH MORE AGENTS

Protecting People and Property a Key Focus of More Companies.

(IRVING, TX -- December 5, 2011) - Anderssen Security Consulting Corp. (ASCC), a leading provider of specialized security services for businesses, organizations, government agencies and individuals, announced today that is expanding its physical security services practice going into 2012 because more companies are investing in protecting their people and property.

ASCC specializes in physical security with a focus on the financial and gaming industry. Investigations are also an integral platform for ASCC's clients, Attorneys and CPA's. We provide highly trained agents that plan for and react to a wide range of threats and situations. Tactical services include: Building Security, Construction Project Security, Property Protection, Surveillance and Countermeasure Sweeps.

"Protecting people and property is the foundation of a solid security solution," said Richard K. Anderssen, Sr. president and CEO of ASCC. "Today, the security and safety of personnel and protection of property are a top priority of CEOs in a number of companies across the financial and gaming industries."
